About the Course

This course is for ALL 3rd to 6th Class teachers, and no prior knowledge of Spanish is required. We begin an immersive Spanish language learning experience right from the very beginning, and you will learn, in the same way as the children, with Irene, our virtual Spanish language specialist, taking you through the content, lesson by lesson. Irene will build your language competence and confidence to the standard required for you to deliver each of the 42 lessons to your students when back in the classroom, using the 'Video2Teach' approach on the supporting Primary Languages Network Ireland Platform. It's all simple, good fun and immensely enjoyable. So park any of those nerves!

NOTE: *No live sessions, all lessons are pre-recorded with Irene, our native Spanish speaker and delivered to you using the incredible 'Video2Teach' classroom approach, mirroring how you will use the language platform and workbook with your students. As you work through the course, you can complete the workbook and, in that way, experience what your students will experience!*
